Who We Are

**“we deliver goods
anytime & anywhere”**

Digital Transformation in logistic and fleet management

VGO, One of the leading logistics and fleet management company in India and optimized logistics chain and transportation system. We reduce the communication gap between driver and Industries using cutting edge technology.

We provide the best “on demand booking services” in Delhi-NCR and deliver the goods for industry. Our company is outfitted with advance and modern technology that enable the best productivity in supply chain. We guarantee organizations that they will get fantastic quality, brief, and secure transportation benefits regardless of time-limitation, the substantial burden issue, and some other related issue.

We are a client driven firm and our action is intended to offer “ease of doing business” between transportation and industry.

If you are searching for the online truck booking in Delhi-NCR and Intercity, VGO would consistently be your right choice.

“Delivery first and Client satisfaction” (moto)
